CLINICAL TRIAL CENTRE

ADICHUNCHANAGIRI HOSPITAL

Adichunchanagiri Hospital (AH)

Adichunchanagiri Hospital (AH), established in 1990, embodies the vision of His Holiness Padmabhushana Puraskrutha Sri Sri Sri Dr. Balagangadharanatha Mahaswamiji, aiming to serve underprivileged and rural communities. Affiliated with Adichunchanagiri Institute of Medical Sciences (AIMS), AH is more than a healthcare institution; it's a testament to the founder's commitment to creating a state-of-the-art medical facility.

The hospital's success lies in its dedicated staff and advanced medical equipment, facilitating comprehensive care across preventive, curative, and rehabilitative domains. AH specializes in various sub-disciplines, including Neurosurgery, Urology, Cardiology, Oncology, Nephrology, and Plastic Surgery, positioning itself as a comprehensive healthcare hub. The Central Laboratory, equipped with cutting-edge technology, ensures precise and thorough diagnostics, setting a benchmark for healthcare excellence.

Central to AH's infrastructure is its Central Operation Theatre complex with 13 operation theaters and a 120-bed Intensive Care Unit (ICU) equipped with advanced monitoring systems. The hospital's 24/7 Emergency Medicine department is staffed with highly qualified professionals dedicated to providing immediate medical care. The Blood Bank, managed by experienced personnel, ensures the timely availability and delivery of blood, crucial for emergency care. The Forensic department, with modern cold storage facilities, ensures dignified storage and examination of cadavers.

AH's commitment to the underprivileged is reflected in its provision of free medical aid, including medicines, and free food for General ward patients, highlighting its dedication to holistic healing. The hospital boasts 1500 beds, multi and super-specialist services, and advanced facilities like CATH Lab, MRI, CT Scan, Digital X-Ray, Echo, and Fundus Camera, making it a beacon of healthcare excellence.

Furthermore, AH extends its services through a 24/7 ambulance facility, ensuring swift medical access for neighboring areas. The hospital's journey from a vision to a thriving reality continues to uplift lives by providing compassionate and quality healthcare, embodying a model of healthcare that transcends boundaries, offering hope and healing to the communities it serves.

Clinical Trial Centre

Advancing Medicine Through Excellence

At the forefront of medical progress lies the Adichunchanagiri Hospital's Clinical Trial Centre (CTC), a cornerstone of Adichunchanagiri University's commitment to advancing healthcare. The CTC serves as a meticulous platform for conducting clinical trials with the utmost quality and ethical considerations.

The centre's strength lies in its team of highly skilled Clinical Research Coordinators (CRCs). Boasting extensive experience, these experts orchestrate the seamless execution of clinical studies, meticulously bridging the gap between research sponsors and investigative sites. This ensures that trials are conducted with precision and efficiency, ultimately paving the way for groundbreaking discoveries. The Adichunchanagiri Hospital CTC goes beyond fostering collaboration. Its commitment to quality and safety is evident in its state-of-the-art facilities. Stringent security measures, including 24-hour CCTV surveillance and biometric access, guarantee the integrity of research data and ensure patient confidentiality. Furthermore, a meticulously maintained and fully equipped drug storage area safeguards the essential elements of clinical trials. By prioritizing proper storage and handling of investigational drugs, the CTC minimizes risks and fosters a controlled environment for research.

The CTC's infrastructure is meticulously designed to expedite the progress of clinical trials, ensuring valuable research isn't hampered by logistical hurdles. Streamlined processes and advanced facilities empower researchers to conduct trials efficiently, ultimately accelerating the path to bringing potential treatments and therapies to patients in need. The Adichunchanagiri Hospital's CTC fosters a collaborative spirit that extends beyond its walls. The centre actively seeks partnerships with pharmaceutical companies and research institutions, creating a network of expertise dedicated to propelling medical science forward. By providing a platform for rigorous and ethically sound clinical research, the CTC plays a pivotal role in the development of new and improved medical interventions. This unwavering dedication to advancing healthcare positions the centre as a leader in its field, fostering a brighter future for patients worldwide.

Vision

To develop and share knowledge that improves the care of rural patients through innovative clinical research.

Mission

Quality

Impart competency and encourage best practices in clinical research

Accessibility

Promote scholarship and ensure easy access to research opportunities and findings

Our Core Values

Integrity

Adhering to the highest ethical standards in all research activities

Excellence

Striving for superior quality and continuous improvement in clinical trials

Respect

Valuing the dignity and rights of all participants and team members

Innovation in Education and Health Care

Pioneering new methods and treatments through rigorous research

Teamwork

Collaborating effectively to achieve common goals

Members of Advisory Committee

Dr. M. G. Shivaramu

Dean, Health Sciences (Medical), Adichunchanagiri University
Principal, Adichunchanagiri Institute of Medical Sciences

Dr. K. M. Shivakumar

Chief of Hospital / Medical Superintendent
Adichunchanagiri Hospital & Research Centre, BG Nagara

Dr. Bharathi D. R.

Dean, Faculty of Pharmacy, Adichunchanagiri University
Principal & Professor,
Sri Adichunchanagiri College of Pharmacy (SACCP)

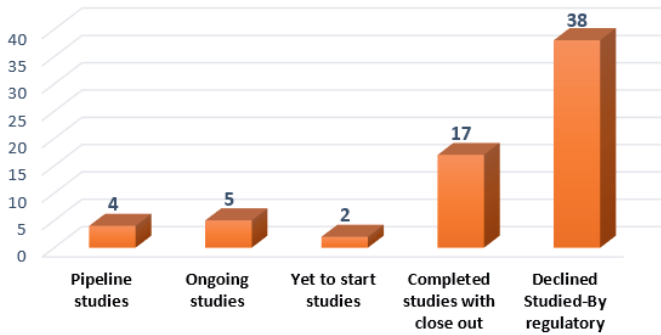

Dr. Rajesh Venkataraman

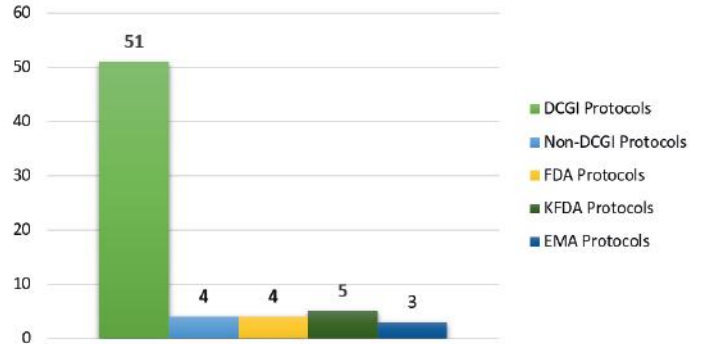

Head, Clinical Trials, AH
Professor & Head, Department of Pharmacy Practice
Faculty of Pharmacy, Sri Adichunchanagiri College of
Pharmacy, Adichunchanagiri University

Patient Benefits from Clinical Trials

Since 2020, 973 patients have benefited from participating in clinical trials at our centre

Key benefits :

- **Free Treatment:** Patients receive medical care and treatments at no cost.
- **Travel Allowance:** Financial support for travel expenses related to trial participation.
- **Free Medication:** Access to trial medications at no cost.
- **Special Care:** Dedicated attention and care from our research team, ensuring the highest standards of patient care and support throughout the trial process.

Patient Benefits

■ Lab Investigation ■ Travel Allowance ■ Medicine ■ Total

Learn & Earn Programme

The Learn and Earn Program at the Clinical Trial Centre, Adichunchanagiri Hospital & Research Centre, offers students hands-on experience in clinical trials while earning a stipend. Participants work with experienced researchers, gaining practical skills in trial management and data analysis. This program enhances their academic knowledge, prepares them for careers in clinical research, and provides financial support and professional mentorship.

Beneficiaries of Learn & Earn Program

Ms. Arpitha S. M.
M. Pharm (2020-2021)
Clinical Trial Intern

Mr. Milan Thappa
M. Pharm (2020-2021)
Clinical Trial Intern

Ms. Raksha S. T.
M. Pharm (2022-2024)
Clinical Trial Intern

Mr. Pavan Kumar C. M.
M. Pharm (2022-2024)
Clinical Trial Intern

Ms. Berlin Palamoottil Kurian
Pharm. D (2019-2020)
Clinical Trial Intern

Ms. Medhini H. Gowda
Pharm. D (2022-2023)
AMC Intern

Mr. Akshay S. R.
Pharm. D (2022-2023)
MDMC Intern

Ms. Glory Thomas
Pharm. D (2019-2020)
Clinical Trial Intern
